SUMMARY

Results-driven Front-End Web Designer with extensive experience creating responsive and user-friendly websites and web applications. Proficient in HTML, CSS, JavaScript, and related frameworks. Skilled in graphic design, multimedia production, and print preparation. Proven ability to collaborate effectively with cross-functional teams and deliver high-quality projects within deadlines.

EXPERIENCE

OPEX CORPORATION, Moorestown, NJ | Front-End Web Developer/Designer | May 2015 – Current

- Design and develop responsive websites and web applications using HTML, CSS, JavaScript, and PHP (includes).
- Collaborate with back-end developers to integrate front-end designs with server-side logic.
- Ensure cross-browser compatibility, optimize website performance and implement user feedback.
- Maintain and update existing websites and web applications.
- Create graphics for websites, social media, and marketing materials.
- Design logos, branding materials, and style guides.
- Produce video content using Adobe Premiere Pro (editing, motion graphics, sound design).
- Edit images using Adobe Photoshop and Illustrator.
- Collaborate with Marketing, Product Development, and content creation teams.

UNIQUE INDUSTRIES, Philadelphia, PA | Front-End Web Developer/Designer | March 2014 – May 2015

- Designed, developed, and maintained the company website (www.favors.com).
- Designed web-based email communications for sales and marketing.
- Developed web pages, web graphics, multimedia, and graphic user interfaces.
- Maintained clean, well-structured and formatted website pages.
- Collaborated with coworkers and cross-functional teams.

UNIQUE INDUSTRIES, Philadelphia, PA | Advertising/Production Designer | February 2006 – March 2014

- Organized, designed, and laid out an annual 400+ page wholesale catalog.
- Managed a 10,000+ image database on a local server and FTP site.
- Created interactive PDFs of catalogs for customers and sales.
- Produced print-ready files for catalogs, advertising, signage, and trade shows.
- Prepared web-ready images.
- Performed digital image editing (clipping paths, color correction, clean up, drop shadows, cloning, layer masks).
- Attended press checks and maintained vendor relationships.
